

Mr. Bentley,

Thanks for everything that you have done for me. you walked me through every~~thing~~ phase step by step and informed me of what to expect. not once did you give up on my case. I have to admit that I was a little leary in the beginning because I had heard so many negative reports about court appointed attorneys. you proved them all wrong! Even after my case was over, you continued to answer my many questions. I couldn't have asked for anyone better. Thanks again.
